
PRESSURE RATING CERTIFICATE

We,

Water Linked AS
Stiklestadveien 1
N-7041 Trondheim, NORWAY
<https://waterlinked.com>

hereby declare that the product:

Part Number	: WL-21048-1
Product Name	: Modem M16 (test of sensor and also Flange o-ring interface)
Depth Rating	: 600m

has been subjected to the following product pressure design qualification:

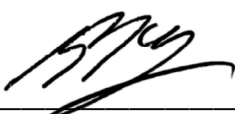

10x cycles between 1 and 66 Bar
Cycle up speed ~22Bar/min
Cycle down speed ~22 Bar/min
66 Bar pressure hold for 5 minutes
(see next page for pressure test log)

References:

QA Reference : PT-260092-1
Pass or Fail : PASS
Test Date : August 21st 2026

Product Description:

Acoustic modem providing a wireless underwater communication link for subsea sensors and subsea vehicles. The test

Scott McLay
CCO

Task	Start	End
Raise pressure to 66 bar	09:58	10:01
Hold pressure for 5 min	10:01	10:06
Reduce pressure to ambient	10:06	10:11
Raise pressure to 66 bar	10:12	10:15
Hold pressure for 5 min	10:15	10:20
Reduce pressure to ambient	10:20	10:23
Raise pressure to 66 bar	10:24	10:27
Hold pressure for 5 min	10:27	10:32
Reduce pressure to ambient	10:32	10:36
Raise pressure to 66 bar	10:37	10:40
Hold pressure for 5 min	10:40	10:45
Reduce pressure to ambient	10:45	10:48
Raise pressure to 66 bar	10:49	10:52
Hold pressure for 5 min	10:52	10:57
Reduce pressure to ambient	10:57	11:00
Raise pressure to 66 bar	11:01	11:03
Hold pressure for 5 min	11:03	11:08
Reduce pressure to ambient	11:08	11:11
Raise pressure to 66 bar	11:12	11:15
Hold pressure for 5 min	11:15	11:20
Reduce pressure to ambient	11:20	11:23
Raise pressure to 66 bar	11:24	11:26
Hold pressure for 5 min	11:26	11:31
Reduce pressure to ambient	11:31	11:33
Raise pressure to 66 bar	11:34	11:37
Hold pressure for 5 min	11:37	11:42
Reduce pressure to ambient	11:42	11:45
Raise pressure to 66 bar	11:46	11:49
Hold pressure for 5 min	11:49	11:54
Reduce pres	11:54	11:58
